

Northumbria Spine Unit

Patient Reported Outcomes

Patient Satisfaction Questionnaire

We would be grateful if you would answer the following questions:

1. How satisfied are you with the outcome of your spine operation?

Very satisfied
Quite satisfied
Neither satisfied nor dissatisfied
Quite dissatisfied
Very dissatisfied

2. After your last spine operation did you suffer with a clot in the leg (venous thrombosis) or clot in the lung (pulmonary embolus) diagnosed within 3 months of the operation?

Venous thrombosis (clot in the leg)	Yes	No
Pulmonary embolus (clot in lung)	Yes	No

3. Have you had any other operations on your spine since?

Yes No

4. Any other information about your spine surgery you think might be useful? Please give details if yes.

Yes No

Please take a moment to check you have answered all questions on both sides of the paper.

Thank you very much for completing this survey.
